

ADVERTISE

There is much advertising value in this. The merchant who has a good stock of goods in the yard of his store, or to go visiting the neighborhood in business, may make quite a reputation for himself, but when it comes to a matter of business ability, he will probably be unable to deliver the goods. The moral is—ADVERTISE.

CATTLE MARKET GAINS IN THE END

SMALLER RECEIPTS AND BETTER DEMAND RESTORES LOSS.

Many Dealers For Stockers and Feeders With Prospects That Entire Country East of Mississippi Will Want Immense Number of Cattle This Fall—Sheep and Hog Market.

The Sun Special Service.

KANSAS CITY, Mo., July 17.—The cattle market lost twenty-five to forty cents the first two days last week, but smaller receipts and a better demand restored ten to twenty-five cents of the loss by the close of the week. The supply today is 18,000 head, and prices are steady to fifteen cents lower. Kansas cattle that were wintered and graded on good pasture, weighing 1150 to 1250 pounds, which correspond to a certain type of Northwest cattle, are selling today at \$7.50 to \$8.00, according to weight and condition. No Northwest steers have been here since last Wednesday, when nine of Oregon steers sold at \$8.40 to \$8.60. That was the low day of the week on cattle here. There is a heavy demand for stockers and feeders, with prospects that the entire country east of the Mississippi river will want an immense number of cattle this fall, that whole section is low on cattle, and stockmen there are looking to Kansas for their stockers and feeders in great measure. Prices today range from \$5.50 to \$8.00.

Sheep and lamb receipts were 11,000 today. The market was very strong all last week, but today killers sold for a cut in prices, due to a bad report for mutton at consuming points. There were twenty-one cars of Idaho lambs and yearlings here today, one car of drive of lambs weighing 50 to 60 pounds at \$10.20, a five-car drive of lambs weighing 50 to 60 pounds at \$10.20, with a cut of 20 per cent to feeder buyers, fifty-three pounds at \$9.00, a six-car drive of yearlings, ninety-five pounds average, four cars at \$7.50 and two cars at \$7.00, and four cars of rather thin lambs to killers at \$10.00. The top in lambs in Omaha today is \$10.50, and top on yearlings is \$7.00. Feeding stock is firm, as shown by the use of Idaho noted above at \$9.00, and there are prospects that the price will advance. Breeding ewes are fairly held, at \$7.50 to \$8.00, a drive of extra good ones, though some of them were four and six years old, just sold at \$8.75, 105 pounds average.

The hog market is slipping a little, though the undertone is strong, and receipts are moderate, nine thousand head today. Top today is \$9.50, bulk of sales \$8.60 to \$9.50. No Northwest hogs have been here since Friday, when Idaho sold at \$9.75, light hogs \$9.25, around 140 pounds, and three cars of Montana sold at \$9.15 and \$9.30. One car of the Montana hogs weighed 187 pounds, and brought \$9.50, highest price of the hundred pounds. The three car shipment of Montana had only a total weight of 410 pounds from home, due to good attention along the line, and a good find here. Prospects favor moderate receipts, which should mean a firm market.

This Nation's Wool Crop.
WASHINGTON, D. C., July 15.—American sheep raisers will receive about \$22,000,000 for this year's wool crop, the department of agriculture announced today. Average prices during June were 28.7 cents a pound, higher than for many years. The average weight of a fleece of wool is 8.32 pounds and the country annually produces about 27,000,000 pounds. The weight of fleeces has been increasing year by year, according to department figures.

MEETS AT OGDEN

Congressional Convention to Be Held at Junction City.

The republican nominating convention for the first Congressional district, to name a candidate for representative in congress, will be held in Ogden August 9th, the day following the republican state convention. The first Congressional district comprises all the counties of the state with the exception of Salt Lake, Davis, Tooele and Utah counties, which make up the second district. The call for the first district convention has just been issued. The appointment of delegates will be on the basis of one delegate for every seventy votes cast for Joseph Howell, republican candidate for congress in the district two years ago. The apportionment of the delegates by counties is: Beaver, 12; Box Elder, 10; Cache, 10; Carbon, 10; Duchesne, 10; Emery, 10; Garfield, 8; Grand, 7; Kane, 10; Juab, 10; Kane, 6; Millard, 10; Morgan, 7; Piute, 4; Rich, 5; San Juan, 7; Seapate, 4; Sevier, 25; Summit, 20; Uintah, 8; Wasatch, 15; Washington, 11; Wayne, 4; Weber, 7.

County chairmen will direct primaries at which delegates to this convention can be elected. Probabilities are that most counties will select the delegates from those selected to the state convention.

The Sun

POLITICALLY, REPUBLICAN.

Entered as Second-Class Matter, June 4, 1915, at the Postoffice at Price, Utah, Under the Act of March 3, 1879.

VOLUME 2; NUMBER 8

EVERY FRIDAY

JULY 21, 1916

NEW SIGN FOR THE SAME OLD STAND.

TWENTY-FOURTH CELEBRATION

Big Time Promised to All Old Folks Who Come Out.

The committee in charge of the Pioneer Day celebration which will be held at the city park next Monday are working hard these days to make the celebration a success. Invitations have been sent out to all the old folks in Price and a good time is assured them on that day. Automobiles have been provided for and each guest will be transported to and from the park free of charge, seats being reserved at the park for honored guests.

Below is the program of children's sports, the balance of the program appearing elsewhere in this impression. These exercises take place on the park lawn around 4 o'clock.

Grand march of children in costume led by Price band.

Drill of Boy Scouts representing the Mormon battalion.

Primary boys' class as pioneers with pioneer wagons and singing pioneer songs.

Pioneer dance by fourth and fifth grade.

Swag dance in costume by first and second grade primary boys.

Danish dance of greeting.

Shoemaker dance.

Hawai and Greek by first and second grade girls.

Hungarian folk dance by third grade girls.

Rocky Mountain cowhand dance by fourth and fifth grade girls.

Swedish class by butterfly girls.

Old time by butterfly girls.

Dainty step and leading the pole by fourth and fifth grade primary girls in costume.

MASS MEETING HELD

Stage Line Offers Benefits to People of Price.

At a mass meeting held at City Hall last night there was a fairly representative crowd of business men out, the meeting having been called by Mayor John Horsley at the invitation of George A. Block, manager of the Price-Uintah Basin Auto line, who was desirous of knowing how the people of Price felt toward the line and what aid they would give financially toward increasing transportation equipment, by purchasing stock in the company. The meeting was called to order by Mayor Horsley, after which A. J. Lee was made chairman. Talks were made by Chairman Lee, Attorney L. A. McGee, George A. Block, Fred C. Perren, G. A. Wooten, John Hadd, A. L. Hellman and others, each telling of the benefits to Price through the operation of the line.

Chairman Lee appointed a committee of three, consisting of Ben Stein, L. A. McGee and B. Randolph, to assist Messrs. Block and Perren in interviewing the Price people in regard to taking stock in the enterprise for the purpose of providing increased facilities. Mr. Block explained in his talk that it would be necessary to sell more stock in order to provide new equipment.

Cards have been sent out inviting the old folks and widows of Price and listing the names of the following well known people:

Mrs. Bernard
Mr. and Mrs. Robert Bishop
Mr. and Mrs. Isaac Aldrich
Mr. and Mrs. John Peterson
Mrs. Mary Morrison
Mr. and Mrs. Robert Powell
Mrs. Rosamitha Powell
Mrs. Sarah Jane Powell
Mrs. Lydia Mead
Mrs. Virginia Crockett
Mr. and Mrs. Silvan
S. P. Horsley
Mrs. Ella McGee
Mrs. Ella Draper
Mrs. Sophia Nelson
Mrs. Taylor
Mr. and Mrs. Thomas Fitzgerald
Mr. and Mrs. Joseph Jones
Henry Hunter
A. W. Munster
Mrs. Zina Connor
Mr. and Mrs. Henry Wade
Mrs. Herman Frandson
Henry Emper
Mrs. Evans
Mrs. Foster
A. Ballinger
Mr. and Mrs. J. M. Whitmore
Mr. and Mrs. George Downard
Mr. and Mrs. W. K. Henry
A. J. Grimes
Emily Grimes
Mr. and Mrs. William Morgan
Mrs. Ella Branch
Thomas Edwards
Mrs. Dominic Milano
Mrs. Ella Branch
Mr. and Mrs. C. H. Archer
Mr. and Mrs. R. Cantrell
Mr. and Mrs. Robert Greenwood
Mr. and Mrs. Robert Greenwood

WILL DEVELOP MINES

Eccles Estate Plans Improvements At Rains.

Le Roy Eccles and other heirs to the Eccles estate are planning for the opening of the mines of the Ketchum Coal company near Castle Gate which was recently taken over by them. It is planned by the Ogden capitalists to drive a number of new headings and to bring about a development of the property that it may compete with the other mines in Carbon county. To this end a number of improvements are contemplated. A new haulage way and a new power plant together with the operation of the mine by electricity instead of the time honored mule are to be built. New houses for the employees of the company and a mercantile establishment will be built.

Eccles returned Thursday to Salt Lake City from an inspection of the property and says the prospects of the mine becoming one of the big coal producers of the state are good and that the improvements and the mining of great volume of coal will be started within a few days. He was accompanied to the property by William Allison of Ogden. It is understood that the coal from the Ketchum mine will be sent to Ogden and handled exclusively through coal yards which are to either be purchased or are to be built by a new corporation of which Eccles will be the head.

SCHOOL BOARD IN SESSION

Term of School For the Year Is Fixed At Eight Months.

At a meeting of the consolidated school board held Monday when all members were present the following business was transacted:

The term of school over the county was fixed at eight months for the year. The report of the clerk and treasurer was read and approved and ordered published, the same appearing elsewhere in The Sun.

Prof. John G. Gahler reported a large crack in the high school building. The board will view the same in company with the state architect and report later.

C. H. Madison was employed as principal at Castle Gate and Miss Thekla Fouts employed as grade teacher in place of Miss Waite.

Attorney D. B. Houtt appeared in the interest of a new building at Hildreth. After some discussion the matter was laid over until a later date.

J. A. Forsyth was ordered to make needed repairs on the heating plants at the Clear Creek, Winter Quarters and Scofield school buildings.

William Barnson was ordered to take the school census at Kenilworth and Spring Glen.

The board adjourned until the following day, when Dr. F. E. Estes of Standardville was present and made a convincing talk for a new building at that place. After going into executive session the board ordered Architect Monson to draw plans for a building not to exceed six thousand dollars.

The board in company with Architects Miller and Monson and the state architect went to Sunnyside and viewed the school building there. As a result of their inspection needed repairs will be made at once on the Sunnyside building.

CITY TAX LEVY MADE

Mayor Horsley Declares Open Season On Fishing.

At the regular meeting of the city council held on Tuesday evening the city tax levy for the year 1916 was fixed at nine mills on the dollar. While the state board of equalization has not yet certified the assessment for Carbon county, the assessed valuation of Price city will stand approximately at \$1,500,000, probably a little higher than this figure. On the basis of last year's assessment, with a city levy of sixteen mills, this year's tax will amount to a few hundred dollars more than last year, but this is more than offset by losses to the general fund in licenses and fines.

Under the nine mill levy this year the city will raise about \$12,500 in taxes. Of this amount twenty-two hundred and fifty dollars will go for interest on bonds, twenty-two hundred and fifty for bond sinking fund, and fifteen hundred for public library, leaving only something over seven thousand dollars for general fund expenses.

According to all reports fishing is good in city reservoir number one—or what is known as the old reservoir. The species of fish are mostly carp and are of considerable size. In all probability the reservoir will need to be drained in order to get rid of the fish. In the meantime council has declared an open season on the reservoir, and all who feel so inclined may go there and angle.

ADVERTISE

Every store has some one who is more or less interested in pushing the business. Every business is worthy to a greater or less extent of being enlarged. If the right person gets the business in hand and pushes in the right way he can make of that business a very decided enlargement and make for himself a very marked advantage.

PLEAD WITH PARTY FOR PROHIBITION

Senator Smoot and Congressman Howell Say People of Utah Demand Liquor Selling Be Stopped By Legislative Enactment.

Prohibition as an issue before the people of Utah in the coming election is gaining increasing attention as each day goes by. What each party will do with the question when the time comes to frame the respective state platforms is widely discussed, and many party leaders are strenuously opposed to any action by the various state conventions that would at all savor of delay in meeting the will of the people in the matter.

On this question Senator Reed Smoot placed himself on record in no uncertain terms in a statement given out at Washington. The comment was made at the same time that Senator Smoot has received many letters asking his opinion as to the advisability of the republican state convention taking a stand on the liquor question that he preferred to make a public statement of his views on the matter rather than to answer each letter individually. Senator Smoot's statement says:

Asks Republicans to Give Heed.

"I am deeply interested in the platform to be adopted by the republican state convention to be held at Ogden August 8th, as the success or failure of the party at the election, in my judgment, largely depends upon the platform declarations. Today the great majority of the people of Utah are in favor of statewide prohibition, and are going to have it. I am positive if the republicans at the state convention refuse to adopt a statewide prohibition plank in their platform the party will run the gravest danger of meeting defeat. This conclusion was arrived at after a most detailed investigation and upon reports from leading republicans in nearly every city and town in the state.

"I plead with the republicans to give heed to the growing sentiment among the people for statewide prohibition and not be deceived by thinking the people will be satisfied with submitting to a vote more than two years hence the question of a constitutional amendment providing for prohibition.

"The people, who have made up their minds to have prohibition, will characterize such a declaration by a republican convention as an evasion and postponement of the question and will resist it at the polls. It would be preferable to enter the campaign with no declaration upon the subject and rely upon the present local option law, rather than to ask the people to submit to the delay involved in an attempt to amend the constitution. There is no necessity of amending the constitution to secure statewide prohibition. Every voter knows that the legislature has full power to pass a prohibition law. The statewide prohibition question must be met squarely and as a republican I hope that every delegate to the state convention will insist upon a plank in the platform declaring for the same."

Representative Howell's Attitude.

When Congressman Joseph Howell's attention was called at Logan to the statement given out by Senator Smoot, he said:

"The senator is dead right. On the prohibition question in Utah we are now facing a condition and not a theory. The people have made it plain that they want prohibition by legislative enactment—there is no mistaking that—and I hope to see the republican state convention at Ogden interpret the will of the people.

"In the districts where prohibition has been tried by local option and where the people were skeptical as to its results there is now almost a unanimous sentiment for statewide prohibition, on the ground that it has bettered conditions, not alone morally and socially, but in a business way as well. The sooner prohibition comes in Utah the better, and the shortest way to accomplish it is the way the republican party should take."

CANDIDACY OF CARL R. MARCUSEN FOR STATE TREASURER MEETING WITH MUCH APPROVAL.

Word comes to Carl R. Marcusen from all over the state that his candidacy for the office of state treasurer is meeting the hearty approval of the republicans. It is recognized that Eastern Utah is entitled to a place on the republican ticket, and the gentleman's qualifications are recognized on every hand. His experience in financial matters will be of the greatest value to him in case he should be elected to the office.

Carbon county has never had a place on the republican state ticket, notwithstanding it has always been with one exception one of the banner republican counties of the state. It is therefore felt by the friends of Marcusen that his chances are very good at this time.
